*The FFT Data Analysis Project uses national datasets provided by DfES and the above table of issue is based on a provisional timetable provided by DfES.

The issue month is calculated as follows:

Early - First 2 weeks of the month
 Mid - Middle 2 weeks of the month
 Late - Last 2 weeks of the month

If data is received earlier (or later) than anticipated then the issue of updated databases will be amended accordingly. An email will be sent to project contacts in LAs advising of any alterations to this timetable.
